

2025-2026 SCHOOL IMPACT REPORT

Nearly **1.1 million** of our New Jersey neighbors face food insecurity, while nearly **3 billion** pounds of food is wasted annually.

Table to Table proudly partners with more than **40 NJ schools** through cafeteria food rescues with our **I-Rescue Lunch** program, **fresh food drives**, **student-led fundraising** with our **Bag a Lunch, Help a Bunch®** initiative, and teaching students about food waste and sustainability with assemblies and classroom activities.

71,868
Pounds of Food Rescued

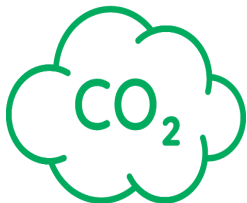

OUR IMPACT

Schools are part of our collective effort to fight hunger, reduce food waste, and inspire future generations to think about protecting and preserving the world around them. We welcome your school to be a part of our food-rescue mission.

Below is a glimpse of the impact our school partners had during the 2025-26 school year:

Prevented

99,759
Pounds of Carbon
Dioxide Pollution*

Eliminated

115,136
Cars Driven
for 1 Year*

Saved

8.5
Million Gallons
of Water*

Don't let good food
go to waste.
